NEW! GLOW TIME® PRO BB CREAM

Coverage That's  
You & Improved

## A better way to glow

Reveal your best skin with coverage that's unequivocally you...and improved. NEW Glow Time® Pro BB Cream has been reformulated for a weightless feel, radiant satin finish and long-lasting, transfer-resistant coverage so natural only you know it's there.

Lightweight, non-greasy liquid lets skin breathe.

Quick-dry for easy building and a radiant satin finish.

Long-lasting, transfer-resistant coverage looks & feels like skin.

Nourishing coverage with antioxidants, physical sun protection, gentle exfoliants and natural extracts.

Carolina (40s)  
SHADE: GT10  
SKIN TYPE: Normal to Oily

# Coverage that's you & improved

Glow Time® Pro takes liquid coverage to the next level. Nourish your complexion as you conceal blemishes, sun spots and discoloration with customizable coverage and a radiant satin finish.

## Glow pros

"It's important to me that the products I use with my patients not only safely conceal but also restore and protect the skin. Glow Time Pro does it all."

- MISSY CLIFTON, MD, FAAD, Board Certified Dermatologist

# The foundation of better skin

Achieve a natural-looking, even complexion with the best in nurturing, skin-loving ingredients.

## Sunflower Seed Oil

Antioxidant-rich Sunflower Seed Oil moisturizes skin, soothes irritation and helps protect against moisture loss for soft, supple skin.

## Grapefruit Extract

Refreshing Grapefruit Extract brightens and revives dull skin while minimizing the appearance of pores and fine lines for smooth, even-looking skin.

## Apple Extract

Rejuvenating Apple Extract brings tired skin back to life, gently exfoliating and refining while maintaining skin's youthful elasticity for firmer-looking skin.

Cruelty-free

Vegan

No mineral oil

Non-comedogenic

No synthetic fragrances

No synthetic preservatives

# We've got you covered

Get smooth, even coverage and daily SPF protection in one simple step.

SPF 25 broad spectrum UVA/UVB PA++ sun protection

Formulated with reef-safe, physical sunscreen actives, Titanium Dioxide and Zinc Oxide

Water resistant up to 40 minutes

Model (50s)

SHADE: GT8

SKIN TYPE: Dry

## Skin-enhancing finish

Gently exfoliating natural extracts smooth skin for a touchably soft, transfer-resistant finish that deserves one last look (and touch).

## Glow pros

"New Glow Time Pro is a more modern take on one of my favorites - workable, long-lasting, and with a pump design that lets me dispense the perfect amount every time."

- MIN MIN MA, Celebrity Makeup Artist

# The skincare makeup system

The Skincare Makeup System is designed to optimize the application, performance and finish of your foundation for a flawless appearance.

## Glow pros

"Amplify your glow with Smooth Affair Illuminating Glow Face Primer, and top with Glow Time Blush and Highlighter for a radiant finish."

- AMI MALLON, *jane iredale* Director of Artistry and Education

# 1

## Smooth Affair® Face Primer

**WHY?** Smooth Affair Face Primer hydrates and minimizes the appearance of pores and fine lines to help prep skin for smooth makeup application and improved foundation wear.

**HOW?** Massage a pea-sized amount to face and neck with fingers until absorbed.

**RESULT:** Smooth, even, hydrated skin.

# 2

## Glow Time® Pro BB Cream and Blending/Contouring Brush

**WHY?** The Blending/Contouring Brush is ideal for cream and liquid products, helping with even application and seamless blending.

**HOW?** Dispense one pump on the back of your hand and dot on cheeks, forehead and nose. Then, with the Blending/Contouring Brush, sweep Glow Time Pro from the center of your face outward and blend until product is no longer visible on skin.

**RESULT:** A radiant satin finish that's virtually undetectable on skin.

# 3

## Hydration Spray

**WHY?** Hydration Spray works synergistically with Glow Time Pro to help the minerals adhere to the skin for a long-wear effect without adding texture or additional coverage.

**HOW?** Holding the spray 12 inches from the face and with your eyes closed, spritz the center of your face, then again over your forehead, the sides of your face, chin and neck.

**RESULT:** Enhanced staying power.
