

Delivers a unique BPO formulation to the pores

- Proprietary formulation in CLENZIderm M.D.™ helps bioavailable BPO enter the follicle, where P. acnes is focused^{1,2,5,*†}

CLENZIderm M.D.™ BPO molecule penetrates the hair follicle

CLENZIderm M.D.™ clears acne at the source

- Complete system quickly reduces acne in as early as 1 week^{3,‡} and helps prevent future breakouts^{1,*}
- 5% BPO treats acne-causing P. acnes bacteria within the follicles^{1,2,6,7,*†}
- The majority of patients were satisfied with the improvement in their acne and the system efficacy^{3,‡}

CLENZIDERM M.D.™ SYSTEM

Clear your acne from the inside out

Obagi skin is healthy skin

*Study results for a split-face evaluation of the intrafollicular bactericidal activity of a novel BPO formulation...N=24. Obagi Cosmeceuticals LLC. Data on file.
 † Study results for a 10-week evaluation of twice-daily use of a 3-step acne system containing a novel solubilized 5% BPO formulation. N=139. Obagi Cosmeceuticals LLC. Data on file.

CLENZIderm M.D.™ gets to the source to treat mild to moderate acne

- Penetrates to reach bacteria in the pores^{1,2,*}
- Reduces breakouts in as little as 1 week with continued results through 12 weeks^{3,†}
- Helps prevent future breakouts^{1,*}

A highly effective, yet tolerable system^{3,‡}

<p>Daily Care Foaming Cleanser</p>  <ul style="list-style-type: none"> • 2% salicylic acid cleanser with calming menthol leaves skin feeling clean and fresh 	<p>Pore Therapy</p>  <ul style="list-style-type: none"> • 2% salicylic acid solution unclogs pores and clears away dead skin cells
<p>Therapeutic Lotion</p>  <ul style="list-style-type: none"> • Lightweight 5% benzoyl peroxide (BPO) lotion delivers medication within the follicles where acne starts 	

*Study results for a split-face evaluation of the intrafollicular bactericidal activity of a novel BPO formulation...N=24. Obagi Cosmeceuticals LLC. Data on file.

† Study results for a 10-week evaluation of twice-daily use of a 3-step acne system containing a novel solubilised 5% BPO formulation. N=139. Obagi Cosmeceuticals LLC. Data on file.

‡ Study results for a 12-week evaluation of the efficacy and tolerability of daily application of the CLENZIderm M.D.™ System; N=22.

See results as early as week 1^{3,‡}

Baseline[§] Week 1[§]

[§]Photos have not been retouched. Results may vary.

At week 12^{3,‡}:

- **81%** of patients were satisfied or very satisfied with their acne improvement
- **87%** reported that the system was effective or very effective

Baseline[§] Week 12[§]

[§]Photos have not been retouched. Results may vary.

‡ Study results for a 12-week evaluation of the efficacy and tolerability of daily application of the CLENZIderm M.D.™ System; N=22.

Early and continuous acne breakout reduction^{3,*}

- Reduces acne breakouts in as little as 1 week^{3,‡}
- Continues to reduce acne lesions through 12 weeks of use^{3,‡}
- Proven effective in treating mild to moderate acne^{3,‡}

Two key ingredients make CLENZIderm M.D.™ effective

5% BPO gets delivered to the follicles to reach the source of acne, P. acnes

Salicylic acid promotes cell turnover to open clogged pores and helps minimise swelling and redness^{7,8}

*Do not use if you have very sensitive skin or are sensitive to benzoyl peroxide. For external use only.
