The end of summer and early autumn is the perfect time to “repair and renew”. Your skin is glowing and full of vitamin D; yet, the accumulation of UV rays, salt and environmental damage has given your skin a hard time. Good news, our latest innovation is exactly what you need to keep your summer glow and repair some of the deeper damage.

Called the **“MAGIC MASK” by Tatler**, the R<sup>3</sup> Cell Matrix Mask (Restore, Replenish, Restructure) helps to **instantly and visibly smooth, refine, tighten and brighten skin from the inside out**. Its ultra-concentrated multi-vitamin (A+C+E+B3) + anti-oxidant complex helps reinforce and protect your stem cells’ extra-cellular matrix.

Enriched in concentrated hyaluronic acids and omegas, the R<sup>3</sup> Cell Matrix Mask further nourishes their vital ecosystem, helping them unleash their rejuvenating collagen-producing powers.

The skin is visibly, and instantly, more radiant, firmer and re-energized.

**Results that you can see immediately.**

---

**DIRECTIONS:** Apply the **R<sup>3</sup> Cell Matrix Mask** on clean, dry skin. A 1-2mm thin layer is sufficient. Leave on for 20 minutes. Slightly wet mask before removing with dry cotton pads. Use up to 3 times per week.

**BEFORE**

**AFTER 20 MINS ONLY**

Results may vary.
