Self Worth | A Gift Worth Giving

Gifting courageous women on your behalf

A smile is worth a thousand words. And we could only be overwhelmed by the response to our 2020 campaign “self-worth, a gift worth giving”. Thanks to you, we were able to gift, on your behalf, more than £50'000 worth of our products and donations. Thank you. Accompanying women in their journey towards more self-acceptance and self-appreciation is one of our raison d'être. If we can be a small helping hand to others when we, rightfully, spoil ourselves, we can give meaning to these everyday rituals that give us strength. It is only when we pay attention to our own well-being and needs, when we act with self-appreciation, that we can listen, support and care for others. And become a source of beautiful and selfless generosity and altruism.

As we close 2021, the world is, hopefully, slowly healing. For those most vulnerable though, the road to recovery is long and arduous. And we want to be a helping hand on their courageous path. Although it is not as much in the news anymore, it is incredibly important to continue to remind everyone that so many – often so much closer to us than we realise – continue to suffer from the physical and psychological trauma brought by another epidemic: domestic abuse. Too often, even after they have had the ability to escape, the psychological, financial and physical damages from abuse remain. The sense of self-worth and self-confidence is shattered and it takes outstanding courage and strength to rebuild one's self-love and appreciation.

As you know, this is a topic that strongly resonates with us as a family and as a team; and we want to help. With you. We want to recognise, in our own little way, our admiration for these women's courage.

We want to offer something so trivial at first glance, yet that can truly help as they slowly embark on their long journey to regain their confidence and self-esteem. Because, by taking care of themselves, it unconsciously signals to them that they are worth all these “little” things that can make them feel good and beautiful.

So this winter season, we are partnering with women shelters and support organisations in the UK and Switzerland to provide the courageous women they work with “A New Beginning” sets. How do you help?

We will donate, on your behalf, for every giftset you purchase, one “A New Beginning” skin set. So together we can be an encouraging hand in their first steps to rebuild their lives. It may not be much, but hopefully it can be another small helping hand to encourage them to confidently say again “I am worthy of care and of love”.
