Obagi Blue Peel RADIANCE®

Radiance skin
after just one
treatment

100%

said skin appeared
tighter, smoother, and
brighter after each peel*

A quick, superficial, salicylic acid-based facial peel that exfoliates and helps improve overall complexion.

Obagi Blue Peel RADIANCE® reveals tighter, smoother, brighter-looking skin after just 1 use. While a series of 4-6 peels provides optimum results.

Obagi Blue Peel RADIANCE helps with the following concerns:

- Fine lines and wrinkles
- Rough, uneven skin
- Blemishes
- Mild to moderate photoageing

*Bruce S. A single-center five-week open label study on 15 participants to evaluate the efficacy of a series of three peel procedures using Obagi Blue Peel RADIANCE™ in the improvement of the appearance of facial skin. Final analysis, December 2012. OMP, Inc. Data on file.
