

Professional-C™ Polish + Mask helps create macro effects because it goes micro.

This 2-in-1 skin polishing mask uses ultra-fine crystals to gently remove the dulling, outer layers of skin and infuses the newly revealed skin with L-ascorbic acid.

EXFOLIATE

Warm in hands then sweep a thin, even layer onto clean, damp skin. Exfoliation prepares the skin for optimum absorption.

ABSORB

Sit back and relax for up to 10 minutes while Vitamin C is infused into the skin.

GLOW

It's payoff time. Wipe away mask with a soft, wet cloth and water. Reveal the new, radiant you.

PROFESSIONAL-C™
MICRODERMABRASION POLISH + MASK

THE POWER OF 30% VITAMIN C

Let your skin drink it in

Introducing the dual-action polish + mask that exfoliates and preps skin for a powerful infusion of Vitamin C, unveiling dramatically brighter, smoother, more youthful-looking skin.

C FOR YOURSELF

Contains 30% L-ascorbic acid — more than any other product in the industry.

After just one application†

88% of participants experienced a more luminous glow.

After 3 weeks of use†

98% of participants reported more youthful-looking skin.

After just one application, testing showed that the Professional-C Microdermabrasion Polish + Mask visibly improved signs of ageing skin such as dull complexion, fine lines and wrinkles.*

Unique dual-action technology enhances Vitamin C bioavailability by exfoliating skin before the mask process to optimise absorption and maximise results.

- Contains an unparalleled level of L-ascorbic acid in one advanced formula
- Ultra-fine crystals gently but effectively help shed the most superficial layers of the epidermis, removing built-up surface debris, promoting healthy-looking skin
- Contains Sea Berry Fruit oil for healthy-looking skin
- Unique anhydrous formula helps promote product stability

This multi-tasking polish + mask exfoliates and primes skin for absorption of Vitamin C*, delivering instant and lasting results with continued use.†

- Ultra-fine resurfacing crystals instantly transform skin from dull to smooth and radiant
- Rich emollients and skin conditioning botanical oils minimise dryness and maximise glow
- Formula reduces the look of fine lines and rough texture
- Advanced dual-phase action leaves skin feeling softer and smoother for days

Transformational Power Products to Boost Your Skincare Routine

Combine with other products in the Obagi® Professional-C portfolio for powerful, daily antioxidant defense.

THE POWER OF C

Made to Make Skin Glow.

Regular use of Vitamin C helps maintain a more youthful-looking complexion by defending the skin against age-accelerating free radicals.

There are many types of Vitamin C, but L-ascorbic acid is the most effective form.¹ With over 30 years of research to understand its benefits to skin, L-ascorbic acid can now be harnessed to help your skin appear younger for longer.
